The University Connections Program (UCP) allows Year 11 and 12 learners to study university level units at the same time or in addition to their TCE studies

The Program provides great opportunities to extend and reward hard-working learners. The Program is offered in partnership with schools and senior secondary colleges. Individual University of Tasmania faculties and schools deliver programs within the over-arching UCP structure. Units are delivered through a combination of online and independent study undertaken at college or home supported by on campus workshops.
