

Direct Continuation 2011-2015

Huonville High School

	Numbers					Time Series	Percentage of Year 10 Cohort					Time Series	Trend Indicator
	2009	2010	2011	2012	2013		2009	2010	2011	2012	2013		
Year 10 Cohort	2009	2010	2011	2012	2013		2009	2010	2011	2012	2013		
Year 12 Cohort	2011	2012	2013	2014	2015		2011	2012	2013	2014	2015		
Year 10 Cohort	100	110	135	107	116								
Year 11 Students	73	83	107	86	93		73%	75%	79%	80%	80%		1%
Year 12 Students	62	68	88	75	78		62%	62%	65%	70%	67%		0%
Achieved TCE	24	35	48	36	52		24%	32%	36%	34%	45%		7%
Achieved an ATAR	12	17	27	21	15		12%	15%	20%	20%	13%		-3%
Attained VET certificate	22	27	40	43	45		22%	25%	30%	40%	39%		3%
School Context	ICSEA (2013)						Bottom quarter	Middle quarters	Top quarter				
	897						59%	26%	10%	3%			

Explanatory Notes

Direct Continuation: a student must achieve at least 1 credit point towards their TCE in the next year to be considered a 'direct continuation'. The study can be at any Tasmanian school or Registered Training Organisation.

Year 10 Cohort: Students at the school who submitted a pathway plan to the TQA/TASC in the year. In some cases, this figure may differ slightly to Year 10 numbers recorded in the student census undertaken in 1st Term and again in August.

Year 11 Students: Students who directly continued into Year 11 in the year after Year 10.

Year 12 Students: Students who directly continued into Year 12 two years after Year 10.

TCE: Attained the Tasmanian Certificate of Education two years after Year 10.

ATAR: Attained an Australian Tertiary Admission Rank two years after Year 10.

VET: Attained a Vocational Education and Training Certificate within two years after Year 10.

Values of NR: Not reported for results based on cohorts of fewer than 5 students in Year 10, 11 or 12.

Trend indicators balance short-term change from the previous year, with longer-term change over five years. These are calculated using the average of the three slopes for Year 10 cohorts from 2012-2013, 2011-2013, and 2009-2013. Values where this average slope exceeds $\pm 1.0\%$ per year are highlighted.

ICSEA: The index of community socio-educational advantage (ICSEA) was created by the Australian Curriculum, Assessment and Reporting Authority (ACARA). ICSEA provides an indication of the socio-educational backgrounds of students. ICSEA isn't a school rating. ICSEA is a scale which allows for fair and reasonable comparisons among Australian schools with similar students. Values are standardised for Australia, with an average of 1000 and standard deviation of 100. Values lower than 900 are in the bottom 16% of Australian values, and values lower than 950 are in the bottom 31% of Australian values. Further information is available at http://www.acara.edu.au/verve/_resources/About_icsea_2014.pdf
