

QUALITY ASSURANCE MEETING

MEDIA PRODUCTION FOUNDATIONS LEVEL 2, MED215117

Quality Assurance Method (as stated in the accredited course document):

Each provider will submit bodies of learners' work sufficient to allow an assessment against a nominated range of criteria and the overall award to an annual review meeting organised by TASC. The body of work will be one of the learners' major products that tells a story in their chosen media option.

The work, while not necessarily fully resolved, will be assessed by the provider against the range of nominated assessment criteria and the overall award. TASC will give each provider guidance regarding the selection of learners and the nominated criteria.

Each body of learner work that providers submit to the meeting should include sufficient and appropriate material for judgements to be made about the learner's standard of ICT skills.

The review meeting will give advice about the provider's assessment standards. Providers are expected to act on this advice.

Quality Assurance Requirements:

Each provider will submit **four (4)** bodies of student work .

The bodies of work to be submitted to the meeting will represent:

- 2 at borderline SA / PA award
- 1 at the clear overall standard of an HA award
- 1 at the clear overall standard of a CA award.

In cases where this range is not available four samples are still required if four or more students are enrolled. Samples may be selected from what is available.

Each body of work will comprise one (1) product that tells a story in *either* radio *or* TV/film *or* print. It will include **documentation of the production process** (pre-production, production and post-production) involved from initial stages to the completion of the product and evaluation of its effectiveness.

In its totality the body of work will supply sufficient evidence for:

- assessment against the nominated criteria on the Record Sheets
- judgements to be made about the learner's standard of ICT skills.

If equipment, software and/or hardware is required to view / hear the body of work, it is the provider's responsibility to ensure that such equipment is available at the meeting.

Each body of work will be of a size/scope that can be assessed (not corrected or marked) in a reasonable amount of time (e.g. no more than 15 minutes per body of work).

Record sheets for this course are provided below. These must be printed by the provider, completed as indicated, and attached to the bodies of student work. General information regarding the nature of bodies of student work and completion of record sheets is available via the website page:

<https://www.tasc.tas.gov.au/providers/quality-assurance/quality-assurance-meetings-2/>

The bodies of student work and associated Record Sheets must be brought to the meeting by an appropriate teacher who will participate in the quality assurance process.

Providers are responsible for costs associated with the provision of materials and teacher attendance at the quality assurance meeting.
