

TASC advice *Health and Physical Education* [as of 11 May 2020]

Community Sport and Recreation Level 2 (HPE215118)

TASC, with a focus on honouring the nature and intention of **Health and Physical Education**, also recognises the extraordinary circumstances facing learners and teachers in 2020. Due to these extraordinary circumstances TASC has made the following necessary considerations for 2020 [only].

TASC recognises that the application of practical experiences is typically integrated in approaches to teaching and learning during Health and Physical Education courses. In the Recreation group of courses there is a focus on physical activity, building positive lifelong wellbeing behaviours and exploring opportunities through exposure to community based centres and activities. Learning from home may require more of a focus on exploring or viewing some facilities and local options using methods that do not require onsite or group visits.

After consultation with the community of teachers of Health and Physical Education - *Community Sport and Recreation* Level 2 (HPE215118) the following course content considerations have been made for 2020 [only]:
