

TASC advice *Mixed Field* [as of 11 May 2020]

Project Implementation Level 2 (PRJ205118)

TASC, with a focus on honouring the nature and intention of the Mixed Field learning area, also recognises the extraordinary circumstances facing learners and teachers in 2020.

The nature of Project Implementation means that each provider's Learning Design is individual and it is not possible to make definitive statements about the impact of the extraordinary 2020 circumstances. Some Project Implementation Learning Designs may be able to proceed with little impact other than substituting in-person contact with technology-mediated alternatives, whereas others may be no longer feasible.

<i>Learning Design/ Project plans</i>	<p>Scenario A - Medium term Return to school environment mid/end of July</p> <p><i>Alternative approaches to teaching and learning are required to deliver course requirements. No specific 2020 considerations have been applied to this course.</i></p> <p>It is recommended that each provider considers their Learning Design and the nature of the project plan/s. Schools already holding TASC-approved 2020 Learning Designs that require modification should re-submit their Learning Designs to TASC.</p>
