PRELIMINARY ACHIEVEMENT (PA) GUARANTEE FOR 2020

The Preliminary Achievement Guarantee:

- is designed to support students who are finding their courses particularly challenging
- applies to courses with external assessments where students are expected to demonstrate their knowledge and skills under pressure in a time critical environment, such as written exams, oral exams, performances and presentations
- applies to students who sit their exams, and are 'tracking towards' at least a PA.

PRELIMINARY ACHIEVEMENT GUARANTEE FOR 2020

Schools and TASC have been working together to keep end-of-year external assessments on track for 2020 and to provide current Year 11 and 12 students with the support needed to ensure they are not further disadvantaged as a result of the challenges COVID-19 has presented them with this year.

We have introduced the Preliminary Achievement Guarantee for students who are not on track to achieve a result of Satisfactory Achievement (or higher) in TASC accredited courses.

What is the Preliminary Achievement Guarantee for 2020?

- The Preliminary Achievement (PA) Guarantee is designed to support students who are finding their courses challenging after a disruptive year of study due to the pandemic.
- For those Year 11 and 12 students who are tracking towards Preliminary Achievement (partial attainment of the course objectives/criteria) they will receive at least a PA if they sit assessments).
- This PA Guarantee means that these students are guaranteed to not go backwards (they won't be awarded a lower result) if they sit their exam, and it provides encouragement to keep on working towards achieving their goals.
- By sitting their exams students are giving themselves the opportunity to fully demonstrate their knowledge, and they may possibly do even better than a PA.
- It is a way to support students during what has been a challenging and uncertain year by ensuring they are awarded at least a PA.

PRELIMINARY ACHIEVEMENT (PA) GUARANTEE FOR 2020

The PA Guarantee **does not**:

- apply to assessments where students prepare their external assessment work throughout the year, with support from their school
- guarantee students an award of Satisfactory Achievement or higher
- apply to Level 1 or Level 2 courses
- need to be applied if a student achieves a PA on their own.

PRELIMINARY ACHIEVEMENT GUARANTEE FOR 2020

Schools and TASC have been working together to keep end-of-year external assessments for 2020 and to provide current Year 11 and 12 students with the support needed to ensure they are not further disadvantaged as a result of the challenges COVID-19 has presented this year.

We have introduced the Preliminary Achievement Guarantee for students who are not able to achieve a result of Satisfactory Achievement (or higher) in TASC accredited courses.

What is the Preliminary Achievement Guarantee for 2020?

- The Preliminary Achievement (PA) Guarantee is designed to support students who are finding their courses challenging after a disruptive year of study due to the pandemic.
- For those Year 11 and 12 students who are tracking towards Preliminary Achievement (partial attainment of the course objectives/criteria) they will receive at least a PA on their end-of-year exam (including written, oral, performance or presentation examinations).
- This PA Guarantee means that these students are guaranteed to not go backward (they won't be awarded a lower result) if they sit their exam, and it provides encouragement to keep on working towards achieving their goals.
- By sitting their exams students are giving themselves the opportunity to fully demonstrate their knowledge, and they may possibly do even better than a PA.
- It is a way to support students during what has been a challenging and unprecedented year, by ensuring they are awarded at least the PA that they have already demonstrated in their year, as well as having the opportunity to improve their results.
- The results and qualifications achieved in 2020 will be just as meaningful and representative of a young person's achievements as any other year.

How will a student know if they are eligible for the Preliminary Achievement Guarantee?

- If a student's internal ratings (assessed by their school throughout the year) are on track to achieve at least a PA, they will be eligible for the Preliminary Achievement Guarantee.

PRELIMINARY ACHIEVEMENT (PA) GUARANTEE FOR 2020

Modelling based on 2019 data:

	Awarded an NN (failure)	Would receive a PA under the Guarantee
Candidates	179	53
Students	162	49

PRELIMINARY ACHIEVEMENT (PA) GUARANTEE FOR 2020

Factors informing whether a student is 'on track' to achieve a PA

- The minimum number of C's required for a PA in the particular course.
- The students internal ratings (the number of C's (or above) achieved).
- The criterion for which the internal C's (or above) were achieved.

How will a student know if they are eligible for the Preliminary Achievement Guarantee?

- If a student's internal ratings (assessed by their school throughout the year) are on track to achieve at least a PA, they will be awarded a PA in their end-of-year external assessment.

Example 1: Economics (ECN315116)

A student's final award is determined from 12 ratings in total, over seven criteria:

- 7 ratings from the internal assessment
- 5 ratings from external assessment, comprising of a written exam only

To achieve a PA, a student must receive at least six 'C' ratings. If a student is 'on track' to achieve a PA, the PA Guarantee will apply.

	Internal criterion ratings							Projected Result	Guarantee Applies?
	1	2	3	4	5	6	7		
Student 1	t	t	t	C	C	C	t	On track to achieve 5 'C' ratings	No
Student 2	t	t	C	C	C	t	t	On track to achieve 6 'C' ratings	Yes
Student 3	t	t	t	C	C	C	C	On track to achieve 6 'C' ratings	Yes
Student 4	B	t	C	C	C	t	B	On track to achieve 6 'C' and 3 'B' ratings	Yes

Shaded criteria are assessed externally

Example 2: Housing and Design (HDS315118)

A student's final award is determined from 13 ratings in total, over seven criteria:

- 8 ratings from the internal assessment
- 5 ratings from external assessment, comprising:
 - a written exam (criteria 3 and 4)
 - a folio (criteria 6, 7 and 8)

To achieve a PA, a student must receive at least six 'C' ratings. If a student is 'on track' to achieve a PA, the PA Guarantee will apply.

	Internal								External			Projected Result	Guarantee Applies?
	1	2	3	4	5	6	7	8	6	7	8		
Student 1	t	t	t	C	C	C	t	t	C	t	t	5 'C' ratings	No

QUESTIONS

COVID-19 – EXTERNAL ASSESSMENT CONTACT TRACING

COVID-19 Safe planning – 2020 End of Year Assessments

- TASC is required to maintain attendance records for all attendees in exam and assessment centres.
- Digital attendance records will be maintained by TASC supervisors and Marking Coordinators for TASC sessional employees.
- Level 3 and 4 students – student phone numbers must be updated in the relevant systems (TRACS or Edupoint).
Schools please cross-reference data to ensure there is a phone number for all students completing an external assessment.
Encourage all students to register an email address.

EXAM CENTRE – ATTENDANCE

Students attending an exam centre that is not their home school:

- must arrive at the exam centre 20 minutes prior to their scheduled examination time
- must report to the Main Administration Office to complete any required documentation (i.e. health screen form)
- must follow all instructions from the hosting school/exam centre.

TASC is contacting schools whose students are being hosted by exam centres to outline possible COVID-19 related processes.

TASC will provide a report to exam centres providing schools and students who will be hosted.

RELEASE OF TASC EXAMINATION PAPERS

- Physical exam papers will be released by TASC Exam Supervisors on the end of the last day of the exam period in 2020.
- TASC will publish materials relating to each exam by close of business on the day the last candidate has completed their exam.
- This important change is due to a examination clash resolutions and some Reasonable Adjustments.

TCE STANDARDS

PLANNING FOR FUTURE EDUCATION AND TRAINING STANDARD

- The requirement for planning future education and training standard will be recognised for all students who have transitioned through senior secondary education.
- All Year 12 and 13 students who are currently enrolled with TASC will *automatically* meet the planning for future education and training standard in 2020.
- The Executive Officer is considering the requirement for this standard.

VET RECOGNITION FOR TCE CERTIFICATION

- How will VET units and qualifications contribute towards a TCE in 2020?
- All VET units undertaken as part of a full qualification (i.e. a Certificate I, II or III) will be recognised at the level of the qualification, regardless of whether the qualification is completed or not.
- All VET units that are not reported with a qualification will be recognised at the lowest level the unit is listed in a training package on www.training.gov.au

VET RECOGNITION FOR TCE CERTIFICATION

TASC has been receiving questions about how VET units and qualifications contribute towards a TCE. We are providing further clarity for the process in 2020 and 2021. This information explains:

- how completed VET units are allocated credit points towards a TCE
- the 2020 and 2021 refinements to ensure students undertaking VET qualifications receive appropriate recognition of their learning towards their TCE.

How will VET units contribute towards a TCE?

- All VET units undertaken as part of a full qualification (i.e. a Certificate I, II or III) will be recognised at the level of the qualification, regardless of whether the qualification is completed or not.
- All VET units that are not reported with a qualification will be recognised at the lowest level the unit is listed in a training package on www.training.gov.au

This approach recognises the level of complexity of the qualification in attributing credit points towards the TCE when a student is undertaking a VET qualification. TASC will also ensure that no student undertaking a Certificate I in 2020 will be disadvantaged, with their VET units to be recognised at the individual unit level if it is higher than the qualification level.

How is TASC ensuring learners undertaking VET are not disadvantaged by COVID-19?

In 2020 and 2021, TASC is ensuring that no learner will be disadvantaged by not having completed their VET qualification as a result of the impact of COVID-19 (which may have affected the completion of some units of competence).

Previously, the level of complexity of a VET unit was recalculated when TASC received confirmation that a student had completed their VET qualification.

This year and next, we will do this calculation prior to a qualification being completed, so students have all their credit points count towards their TCE at the level of the qualification regardless of having fully completed the VET qualification or not.

This will ensure that students receive the TCE credit points for all VET units they have completed, at the level of the qualification they have undertaken.

The ongoing recognition of VET towards the TCE beyond 2021 is being considered as part of the [Years 9 to 12 Project](#).

What are the next steps?

- This adjustment will require some changes to TASC's existing systems and will not be reflected in the system until later in 2020. More information will be shared over the coming weeks.
- Please share this information with all school staff involved in VET provision to ensure they are aware of these changes in practices for 2020 and 2021.
