

QUALITY ASSURANCE MEETING

INTRODUCTION TO SOCIOLOGY AND PSYCHOLOGY LEVEL 2, BHX215118

Quality Assurance Method (as stated in the accredited course document):

Each provider will submit bodies of learners' work sufficient to allow an assessment against a nominated range of criteria and the overall award to an annual review meeting organised by TASC. The work, while not necessarily fully resolved, will be assessed by the provider against the range of nominated assessment criteria and the overall award. TASC will give each provider guidance regarding the selection of learners and the nominated criteria.

Each body of learner work that providers submit to the meeting will include sufficient and appropriate material for judgements to be made about the learner's standard of literacy skills. The review meeting will give advice about the provider's assessment standards. Providers are expected to act on this advice.

Quality Assurance Requirements:

Each provider will submit four (4) bodies of student work (copies rather than originals wherever possible):

- three (3) bodies of work to be submitted to the meeting will represent the "lowest" available at an overall standard of Satisfactory Achievement (SA)
- one (1) body of work will represent the borderline between HA and EA.

In cases where this range is not available, four samples are still required if four or more students are enrolled. Samples should be selected from the 'closest match' to the above characteristics that are available.

Each body of work will comprise a student's response to the major assessment task in both Modules 2 & 3 (one major report/research assignment per Module).

It is the provider's responsibility to ensure that any equipment required to view student work (e.g. a laptop) is made available at the meeting.

Each body of work will be of a size/scope that can be assessed (not corrected or marked) in a reasonable amount of time (e.g. 15 minutes per body of work).

In its **totality**, the body of work will supply sufficient evidence for:

- assessment against the nominated criteria on the Record Sheets. The body of work (in its totality) will provide evidence against the majority of each criterion's standards, noting that some standards (such as those related to a process) cannot be easily evidenced in work tabled at a meeting.
- judgements to be made about the learner's standard of literacy.

Record sheets for this course are provided below. These must be printed by the provider (single-sided), completed as indicated, and attached to the bodies of student work. Guidance and examples regarding the nature of bodies of student work and how to complete record sheets is available in the meeting Information Kit via the website page:

<http://www.tasc.tas.gov.au/providers/quality-assurance/quality-assurance-meetings-2>

The bodies of student work and associated Record Sheets must be brought to the meeting by an appropriate teacher who will participate in the quality assurance process.

Providers are responsible for costs associated with the provision of materials and teacher attendance at the quality assurance meeting.
