

QUALITY ASSURANCE MEETING

TASMANIAN ABORIGINAL STUDIES LEVEL 2, TAS215118

Quality Assurance Method (as stated in the accredited course document):

Each provider will submit bodies of students' work sufficient to allow an assessment against a nominated range of criteria and the overall award to an annual review meeting organised by TASC.

Each body of student work that providers submit to the meeting will include sufficient and appropriate material for judgements to be made about the student's standard of literacy skills.

The work, while not necessarily fully resolved, will be assessed by the provider against the range of nominated assessment criteria and the overall award. TASC will give each provider guidance regarding the selection of students and the nominated criteria.

The review meeting will give advice about the provider's assessment standards. Providers are expected to act on this advice.

TASC may require providers to supply further samples of individual students' work to determine that standards have been applied appropriately when finalising students' results. The nature and scope of this requirement will be risk-based.

Quality Assurance Requirements:

Each provider will submit **four (4)** bodies of student work:

- three (3) bodies of work to be submitted to the meeting will represent the "lowest" available at an overall standard of Satisfactory Achievement (SA)
- one (1) body of work will represent the borderline between HA and EA

In cases where this range is not available, four samples are still required if four or more students are enrolled. Samples should be selected from the 'closest match' to the above characteristics that are available.

Each body of work will comprise a student's response to the minimum Work Requirements for Unit 1 & 2 (the two extended responses and two reflective journal entries).

It is the provider's responsibility to ensure that any equipment required to view student work (e.g. a laptop) is made available at the meeting.

Each body of work will be of a size/scope that can be assessed (not corrected or marked) in a reasonable amount of time (e.g. no more than 15 minutes per body of work).

In its **totality** the body of work will supply sufficient evidence for:

- assessment against the nominated criteria on the Record Sheets. The body of work (in its totality) will provide evidence against the majority of each criterion's standards, noting that some standards (such as those related to a process) cannot be easily evidenced in work tabled at a meeting.
- judgements to be made about the learner's standard of literacy skills.

Record sheets for this course are provided below. These must be printed by the provider, completed as indicated, and attached to the bodies of student work. General information regarding the nature of bodies of student work and completion of record sheets is available via the website page:

www.tasc.tas.gov.au/providers/quality-assurance/quality-assurance-meetings-2

The bodies of student work and associated Record Sheets must be brought to the meeting by an appropriate teacher who will participate in the quality assurance process.

Providers are responsible for costs associated with the provision of materials and teacher attendance at the quality assurance meeting.
